COLLEGE ROWING.

WITH NEW-LONDON CREWS.

W. L. MEIKLEHAM, AN OLD COLUMBIA OARSMAN, APPOINTED REFEREE.

A HITCH IN THE PLAN TO BULLETIN THE RACES HARVARD BACE OFFICIALS ANNOUNCED

18Y TELEGRAPH TO THE TRIBUNE.]
New-London, Conn., June 18.—Final arrangements for the boatraces next Wednesday and Thursday are being made. W. L. Meikleham, an old Colum-bia carsmen, has been appointed to the columbia carsmen, has been appointed referee for both the 'Varsity and freshman races, and has accepted, Mr. Meikleham arrived at Gale's Ferry this afternoon, and will remain until after the races. Harvard's officials for the two races were announced to-day as follows:

Varsity Race-Judge, J. J. STORROW; timekeeper R. C. LEHMAN, judge at finish, J. R. PERKINS, a substitute on the 'Varsity crew, Preshman race-Judge, E. C. STORROW; timekeeper,

JAMES H. PERKINS, Judge at finish, W. A. PROST. A disappointing hitch has occurred in the plan to bulletin the progress and result of the races by a system of signals from the Thames River draw. The officials of the New-York, New-Haven and Hartford Railroad have objected to the telephone company placing the signal-poles and balls on the bridge, fearing an accident on account of the passage of the regular trains. The poles will probably be creefed on the high point of land at the New-London end of the bridge, and the race will be reported from there by the same plan as

Every incoming train this afternoon brought many people here for the races. Many undergraduates from Yale and Harvard are in town for Sunday, but will have to return to their universities for examinations on Monday and Tuesday. Among the Harvard undergraduates who visited Red Top to-day were a party that came down in a sloop from New-Bedford. As they passed up the river the boys regaled the residents with college

At the Yale quarters Lawrence E. Sexton, chairman of the Regarta Committee, was a visitor to-day. Mr. Meikleham, the referee, also called.

There was less practice on the river to-day than on any day since the freshmen arrived. There was quite a lively breeze blowing in from the Sound this afternoon, and the water was too hoppy for satisfactory rowing.

Lehman, the Harvard coach, went to Boston this afternoon, and may remain away over Sunday. To-morrow all the crews will rest. All the 'Varsity eights were on the water this

on doing easy stretches of a mile or two. The Harvard freshmen were in their shell this afternoon, but the 'Varsity crow did not row. There is an epidemic of sore throats among the

Harvard freshmen and substitutes. Eleven of the men are affected in a greater or less degree, but it is not believed that the ailment will cause any serious interference with their work. Otherwise he men are in fine condition. The Yale freshman boat, which after yesterday's

shift was supposed to be settled for the race, is having more trouble. Auchineloss, who was put in at No. 3 had a severe pain in the heart just after rowing in to-day's practice spin. A messenger was sent to the Harvard quarters for Dr. Jones who looks after the Crimson crews. The doctor examined Auchincloss and decided that the pain was caused by a sudden chill. Rowing warmed him up, and as the air has been rather chilling today, he cooled down too suddenly. Dr. Jones thinks that Auchincless will be all right by Monday. It is considered probable that he will be dropped, and that Newport will row at No. 3, and Gillette will return to his place at No. 5.

Mr. Cook is dissatisfied with the new oars used

yesterday by the Yale crew, and may decide to use the old ones. The race will be rowed in the new Davy shell. Yale had only slight practice to

fornell also took things easy. Mr Courtney sent the 'Varsity and freshman boats out for a two-mile pull twice during the day. Cornell is easily the favorite with the betting element, with Yale second, but as most of those who have hazarded a prediction as to the result are Yale sympathizers this should not be taken to indicate that the Harvard crew is inferior. The Cambridge men by their excellent form in rowing, have surprised those who noted the rather slender build of the men when they first arrived at Red Top.

(For other details of the New-London race see Page 2, Part III.)

ROUGH WATER HINDERS TRAINING. COLUMBIA AND PENNSYLVANIA UNABLE TO ROW YESTERDAY AT SARATOGA.

Saratoga, June 18 (Special).—The Columbia and Pennsylvania 'Varsity and freshman crews, who are in training at Saratoga Lake, were handi-capped in their regular practice to-day by the roughness of the water. A heavy wind prevailed three men returning complete scores. Like the during a greater part of the time, which caused Staten Island Cricket Club, the Crescent has a the white caps to crest the waves and precluded any possibility of venturing on the broad lake in

Early this morning the Columbias, who are quartered at Lutner's White Sulphur Spring Hotel, managed to obtain brief spins in the abeltered bay south of Snake Hill, but even there the water was The Pennsylvanians also tried the bay near Morey's, on the west shore, but after shipping considerable water, were compelled to forego train-ing until the waves subsided. The college athletes falled in the day by shore training and taking reg-ulation training over the neighboring hills. To-morrow will be observed as a day of rest. The oarsmen are all well.

HERD THE CHAMPION.

THE OPEN TOURNAMENT AT HAMILTON WON BY A SCOTCHMAN

A NEW RECORD FOR THE MYOPIA COURSE-BOTH LEADER AND RUNNER-UP MEMBERS OF THE CHICAGO CLUB.

Hamilton, Mass., June 18.-The open golf cham donship of the United States was won to-day Club, Chicago, who, however, must be consider as fresh from the Ancient and Royal Golf Club St. Andrew's, Scotland. Herd came romping opponent, Alexander Smith, also of the Washington Park Club. The latter just beat young "Willie Anderson, of Baltusrel, who was second in lar yearfs open event at Chicago. Joseph Lloyd, who defeated Anderson at that time, was fourth to Not far behind came "Willie" Smith, of the Ship necock Club, the last of the prize winners, whi the next of the field, including Leeds, who led the amateurs, came straggling in some distance b

The whole event was probably the most satis factory and successful that has ever bethe United States Golf Association. Herd's victor; was a surprise to the golfers in this country, and must have somewhat astonished some of the professionals who had not heard of the youngster His brother "Sandy" has a world-wide reputation although no Herd as yet has won an open cham ploushly across the water.

Herd played to-day a remarkably sure and steady game, with the exception of his work on the green, which was ragged at times.

Like most Scotch professionals, he appeared care less on the green, and seemingly threw away easy puts with apparent abandon. His score might easily have been ten points better if he had used a little more caution. Of the men who worked as hard to win, but who fell before Herd's superio play. Smith was easily the best. The disappointment of the day, at least to the

devotees from Essex County, was the poor work of Lloyd. He might have beaten both Smith and Anderson but for careless driving, and that old bugbear of "not being up" on his puts. He still had a show for second place, when he spoiled all his chances on the last round by wild driving.

With Whigham, the present amateur champion dodging Spaniards in Cuba and the West Indies, if seems as if Herbert C. Leeds, from his work in the

seems as if Herbert C. Leeds, from his work in the last two days, might be considered as the most dangerous man for the amateur tournament next fall at Morristown.

The best card of the first morning tound vas made by Smith, and was as follows: 5, 4, 4, 4, 5, 4, 6, 4, 22. Herd, however, proved the main to whose record the score must be compared. He made a new record for the Myopla course, doing it, cighteen holes in 75, a 38 and a 35, making blin 244. Herd's card for the round this morning was: First round, 4, 5, 3, 5, 4, 4, 8, 8, eccond round, 5, 5, 3, 4, 5, 4, 6, 6, 4, 27.

The Crescent Athletic Chip opened its new eigh teen-hole course at Bay Ridge yesterday with

James Lahra, the club's greenskeeper, has been indefatigable in his efforts to put the ground in good golfing trim, and yesterday's play showed the work to have been most successfully done. The entry list was a recordbreaker for Crescent contests, no less than fortylarge membership upon which to draw for its ath letic interests, and the opening of a begger course is expected to attract a good perion of it to the links. TO ATTEND THE NEW-LONDON RACES. Probably the most representative college delegation on the observation train at the Cornell-Harvard-Yalo boat race, at New-London, on Wednes-

day next, will be on the car occupied by the members of the University Athletic Club, of this city. The club has chartered a special coach, attached to a fast train, to take to New-London those members desiring to go, and they will occupy an entire car on the observation train at the race, to be known the University Athletic Club car. As is well own, the club includes in its membership not only resentatives of all the important colleges of the intry, but many men who have been prominent undergraduates of their particular alma maters.

THE NEWBURG TOURNAMENT. SEAHAM WINS THE FINAL BOUND FOR THE

POWELTON GOLF CUP. on the Newburg links was brought to a suc cessful close yesterday with the final round for the Powelton Cup and a big handicap, in which out thirty players took part. The cup match was t thirty-six heles, four times around the Newfinals were Archibald Graham and Daubener Country Club, of Paterson, and, though he has sever appeared but once in an open tournament, he has the making of a brilliant match player. He This victory gave him the first golf cup he has ever won. Brandreth is a prominent member of the Mount Pleasant Golf Club, and, from his ess over Cochrane and Jennings on Friday, his riends were confident of his ability to win from he North Jersey man. But it seems to be a rule in golf that no one can make a marked advance in form one day without paying for it on the next. Brandreth started off well, and at the end of the first eighteen holes he was I up. He got the first eighteen holes he was I up. He got the first holes of the third round also, but from that Graham ran away from him. On the fifth of this round Graham struck the fence in his against the wind, a distance of 232 yards, was forced to play black, losing the hole, and started the last round 2 up, and after takhe first two holes he got into the long grass of the third and fourth, and Brandreth took rather easily. The latter's play at this point perfect. In going for the fifth Brandreth I his drive and played his iron into the fence of altempt failed to get him out, and he final-mandoned the hole. The byes were also finished Graham winning the seventh and halving the two. His total for the thirty-six holes was which establishes a new record of the course but distance. A LEAF FROM CAMP LIFE. From The Sloux City Journal.

From The Sioux City Journal.

When Lieutenant Mahoney came to Sioux City to recruit men he was intrusted with a number of errands for the members of Companies H and L. He jotted them all down on a piece of paper, and referred to them when he came to Sioux City. This piece of paper will give an idea of what the men wanted in Sioux City and some of the things Lieutenant Mahoney had to do. It reads as follows:

"Get three .18-calibre Colt's, for officers."

"Get a ruler and some black leadpencils."

"Kiss Harry Hamilton's girl."

"Have that order of roses countermanded for cigars."
